CAB - WHO?

2 Accelerators

3 Universities

2 Companies

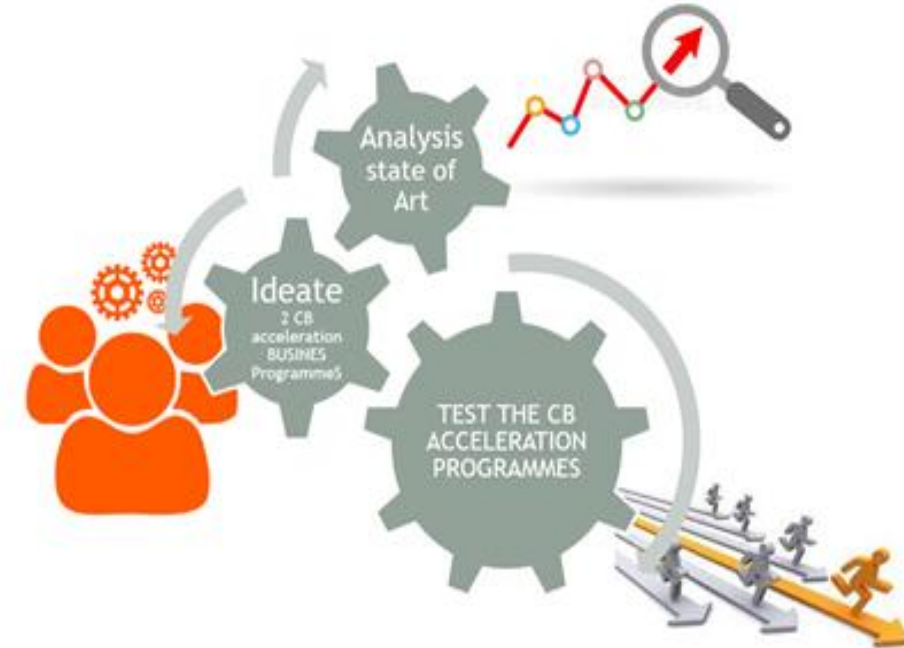

1 Chamber of Commerce

Ita-slo innovation key players!

CAB initial phase (methodology)

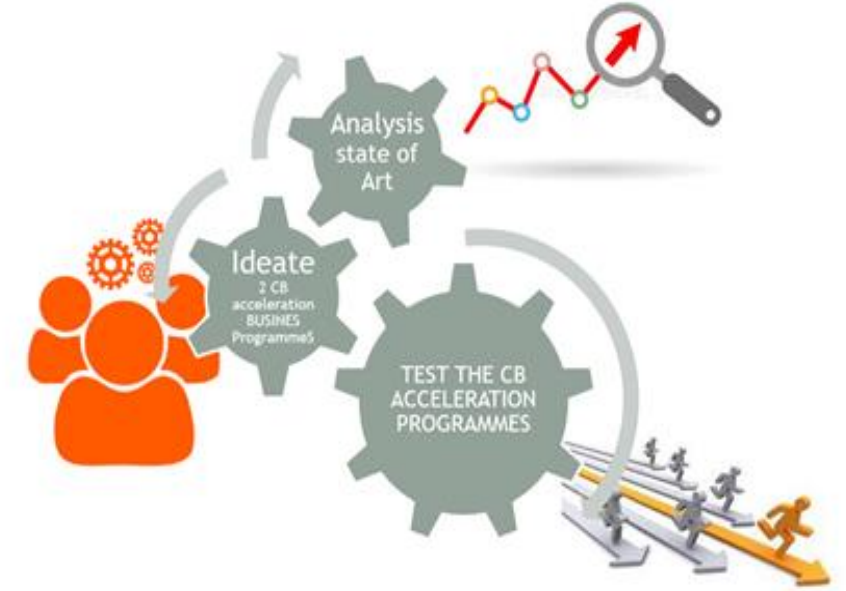

- 1) **cross-border research** on the topic of business acceleration;
- 2) **cross-border cooperation** between innovative SMEs and R&D entities;
- 3) **experimental implementation** of a business acceleration model for a test group of companies.

CAB initial phase (methodology)

CAB's distinctive and original element lies in the cross-border approach which exploits the peculiarities of the two markets:

- the Slovenian one offers an ideal test environment for the initial phase of their development,
- while the Italian one represents a potential context for their growth.

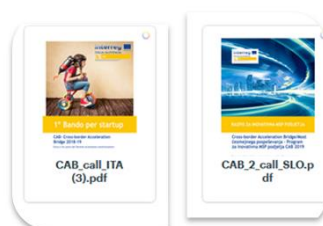

CAB Final phase (Results)
